

CALL FOR APPLICATIONS FOR ADMISSION – SUMMARY

GRADUATE STUDY PROGRAM "MASTER OF SCIENCE in DATA SCIENCE" (Part Time) 2017-2019

The Part time program of study "Master of Science in Data Science" is addressed to early- and Mid-career professionals (at least 2 years full time professional experience) wanting to face the challenge of understanding and exploiting the deluge of data in their organizations.

Applications are accepted until **May 25th, 2017**. Places are limited. Tuition fees are €7.500, payable in three installments. Limited number of merit-based scholarships is available.

Each application is required to include the following:

- Completed and signed application form with photo
- Copy of all university degrees/diplomas received
- Copy of transcripts of grades in Greek or English. Accepted candidates must submit official transcripts
- Certificate of equivalence for degrees from foreign Universities, issued by NARIC/DOATAP (or proof that an application for certification has been filed -- admission is contingent on submission of certificate by September 2017)
- Proof of knowledge of English: Certificate of Proficiency in English from U. of Michigan/ Cambridge, TOEFL (at least 80), IELTS (at least 7), or other equivalent
- GRE scores (if available)
- Two recommendation letters
- Proofs of employment
- CV in English
- Application fee of €25 to be deposited in National Bank of Greece, Account number: **110/001372-21**, IBAN number: **GR18 0110 1100 0000 1100 0137 221**. The application fee deposit is non-refundable.

Applications are accepted until May 25th, 2017. Places are limited. Acceptance letters will be sent out at the latest by May 25th. Applications may be submitted in person or via e-mail at the following address:

Secretariat for Graduate Programs, Informatics Department, Athens University of Economics and Business, Evelpidon 47A & Lefkadous, Athens 11362 Greece, 7th Floor, Office 707 (Monday-Thursday 12:00-14:00 and Friday 11:00-13:00, tel.: (+30) 210-82.03.860, Ms. Konstantina Chatzipanagiotou).

Program duration is 2 years. Students complete 75 units of coursework (40 units of core courses and 35 units of electives). Full courses are worth 5-7 units, half courses are worth 3 units. Students can replace 15 units of coursework with an integrated Capstone Project in collaboration with industry, or a faculty-supervised research thesis, with Director approval.

Students are required to complete 1-3 preparatory courses in Statistics, Mathematics, and Computer Science, as decided by the Admissions Committee. Each course comprises 4 3-hour lectures and a final exam.

Required classes take place twice a week, 6:00-9:00pm. Attendance of lectures and laboratory sessions is mandatory.
